

Identity Verification Report Sample Report

Bank VOD Identity Verification Report delivers unprecedented identity intelligence to help you quickly determine the identity risks associated with personally identifiable information. Strengthen fraud and compliance decisions with deeper insight into the true consumer backed by robust identity information like first and last seen dates and verifying source counts delivered in a user-friendly format.

Understand the type of identity you are making a decision about with a concise summary and easy-to-interpret risk indicators.

Spot suspicious identities faster with graphic risk indices that display the level of identity risk, source risk and velocity risk.
